### **VILLAGE HALL COMMITTEE EVENTS**

We are grateful for the grant we've received from Wiltshire Council and the Parish Council and upgrade works are the process of being commissioned.

A big thank you to Anna for connecting us with a yoga teacher. It's truly delightful to have a yoga class right here in the village (Tuesday 11:30-1pm). Your efforts are greatly appreciated, and it's wonderful to see the space being used for such positive and health-oriented activities. In addition to the yoga class, the prospect of a wine club taking shape adds another exciting dimension to community events. It's fantastic to witness our hall becoming a hub for various interests and bringing neighbours together.

While the recent funding has been instrumental, the ongoing maintenance of these community spaces - which also include the pavilion and playground - requires substantial funds. To ensure the continued upkeep of our facilities, we are actively engaging in fundraising through regular events such as those below. Please share the details with friends and come and support!

Moreover, we welcome your ideas! If you have suggestions for talks or events that would benefit our community, we encourage you to share them with us. Your input is invaluable, and we are eager to collaborate on initiatives that resonate with the diverse interests of our community.

On behalf of the committee *Angelika Hamilton*

### **THE EBBESBOURNE WAKE WINE CLUB**

I am currently studying for my Diploma in Wine, and I thought that one good way to revise might be to start a little wine club.

So, I would like to invite any other wine enthusiasts to join me for a monthly tasting and chat in the Village Hall.

It will take place on the last Thursday of the month from 18.30 – 20.00, starting 29 February.

Each month we will explore a different region/country, and you'll be invited to bring a bottle from a specific area to share and taste with the group.

I will also present some facts and figures on each region (which might get quite geeky, but hopefully still interesting!)

There will be a £4 charge per person to cover hire of the hall and snacks.

Anna Hayward

**FILM CLUB: An Education** will be this month's film. Once again with Carey Mulligan. 7.30. £5

For those of you who remember Dick & Bobby Barber from Westbourne Cottage in West End this is the coming-of-age story of their daughter Lynne, who went on to become a newspaper columnist. And girlfriend, along the way, of Peter Rachman & Howard Marks

"An innocent, a scoundrel, a great film, and a star is born."

#### **Keep your dogs on a lead around livestock:**

On average Wiltshire Police receives two reports each month of dogs chasing, injuring or killing sheep and other livestock. We believe this to be under-reported and national figures show that attacks are on the increase. Only last week, a flock of 24 sheep were chased around a field near to Marlborough by a dog that was out of control and, according to an eyewitness, the owner was nowhere in sight. Fortunately, there were no physical injuries to the sheep on this occasion but there is a concern that some will abort their lambs from being chased.

A survey by the NFU Mutual with 1100 dog owners showed that 66% allow their pets to roam freely off-lead in the countryside, yet 39% admit their dogs do not come back to them when called, and 64% admit their pets chase livestock. These are shocking statistics and of great concern to the farming community.

Wiltshire Police would like to remind people who may be out and about enjoying the wonderful Wiltshire countryside with dogs, it is a sensible precaution to keep them on a lead when livestock are nearby. Almost half (46%) of dog owners in the survey think that their dog would not attack or chase livestock until it happens, and by then it is too late. Livestock worrying is when a dog attacks or chases livestock on agricultural land or is at large in a field with sheep or other livestock. This can result in significant injury or suffering, and, in the worst cases, death of the animals involved. Having devastating consequences for livestock keepers and causing personal distress as well as significant financial costs. It is a criminal offence and can mean the dog owner could face prosecution and a fine of up to £1000, in the most serious case. The NFU Mutual survey puts the south-west region as having the second highest cost to livestock owners in England at an estimated £273,000 in 2022. With the national rise in the number of cases Chief Constable Catherine Roper said: "I am asking dog owners to please be considerate of those farming the land by making sure that they keep their pets securely on a lead when they are walking anywhere near farm animals." As we move towards the main lambing and calving periods, we will be supporting our farming communities with a social media and public engagement campaign to highlight the problem, encourage reporting and ask dog walkers to respect the Countryside Code. Find out more about livestock worrying and how to report it on the Wiltshire Police website: [Livestock Worrying](#)

If you see a dog worrying or attacking livestock please call 999 or report online at <https://www.wiltshire.police.uk/ro/report/rwc/rural/report-rural-crime/> or call 101 after an occurrence.

## **CHALKE VALLEY STORES**

This month's newsletter has been inspired by Tony, who wanted to make sure that everyone knows what a terrific job our many volunteers do in offering a wonderful service to us all in the Villages who use the Hub. They are essential to him and his small team of staff; he could not manage without you all.

In Tony's own words, here are his feelings, as well as some News:

"We wanted to mark the occasion of this month's letter by recognising all of our incredible volunteers and thanking them for their unwavering support to the community.

For the last 10 years, volunteers have been at the heart of our Community Shop and Café (THE HUB) by supporting both me and the staff and most especially you, our customers, to ensure the shop remained open whatever the weather, adapting during the challenging Covid lockdowns and the operation of our cafe, embracing change and learning new skills.

With opportunities for Duke of Edinburgh volunteering and work experience students, there's something for everyone behind the counter, in the cafe or in the back office. If you're interested to join as a volunteer, just send us a message or pop into the shop for a chat with Tony, we'd love to hear from you.

If you wish to have more information on how to become a volunteer, please contact Tony Patel, our Shop Manager, on 01722 780998. He will be very pleased to help you with the simple process of joining the Team. NB There is a Trussell Trust Collection Point in the Hub for any donations of foodstuffs you may wish to make. **Betty at the Party** Anon. with thanks to Claire Macdonald for her monthly contribution

Said Betty, aged just four,  
"A little girl fell off her chair  
Right down upon the floor;  
And all the other little girls  
Began to laugh, but me -  
I didn't laugh a single bit,"  
Said Betty seriously.

"Why not?" her mother asked her,  
Full of delight to find  
That Betty – bless her little heart! -  
Had been so sweetly kind.  
"Why didn't you laugh, my darling?  
Or don't you like to tell?"  
"I didn't laugh," said Betty  
"Cause it was me that fell".

## Notes from a Church Warden

Alexander Scriabin , the Russian composer , was born on Christmas Day 1871 and died on Easter Day 1915 and parallels have often been drawn between him and Christ .He attempted to walk on water on Lake Geneva and then made do with preaching to fishermen from a boat .Friends described his manner of walking as if he was 'flying' : he would hop, race, skip and jump . He even carried out flying experiments and the concept of flight / upsurge can often be found in his music.

While Scriabin may have envisioned himself as a kind of Messiah bequeathing spiritual liberation ,his objective was to show mankind will itself become God .The way to achieve this was through art as art was above everything and everyone .

While some composers explored mysticism and symbolism in their works , Scriabin was the first actually to invoke mysticism rather than portray it ."

Yevgeny Sudbin

David suggests two CDs which he says are excellent piano collections.
